

# Active Ceiling Speaker

CWS5/T

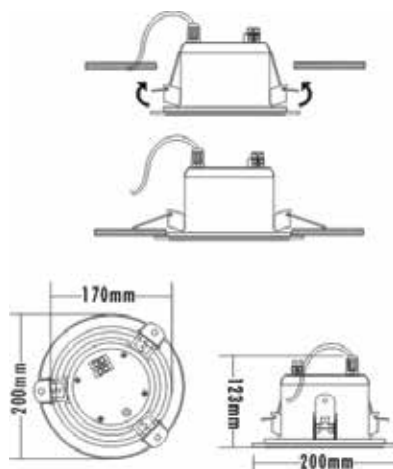

## FEATURE:

- Built-in 6W amplifier
- In-ceiling type loudspeaker
- 5" speaker unit
- Power output 6W
- Aluminium grille, metal baffle and metal back can
- Paint in white colour
- Economy solution for guest room or classroom

## DESCRIPTION:

The CWS5/T is an active ceiling speaker designed for guest room, clean room and classroom, which offer a high cost-effective solution. TV, laptop or DVD player outputs could be easily fed into this speaker. The built-in 5" speaker driver is designed of wide frequency response 110-16kHz, the power output of 6W is enough for a standard guest room. The aluminium grille, metal baffle and metal back can be painted in attractive white colour. Its spring clamp makes the easy and secure installation.

It is an ideal economy choice for industrial and commercial applications in hotel, school, office and factory where background music and paging is needed.
