

Data Converter

FEATURE:

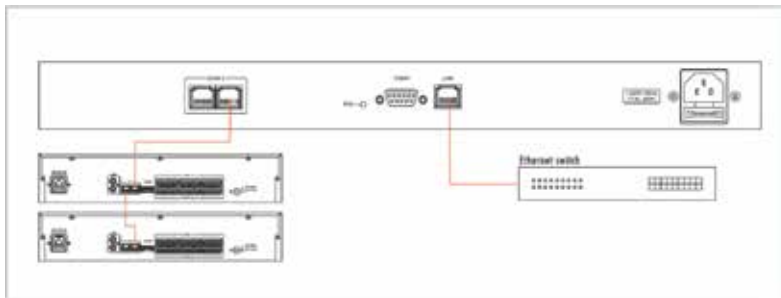

- √ 19 rack mount design of 1 U height
- √ Convert TCP/IP data into Rs 422 for long distance use
- √ Synchronously work together with voice alarm panel and wireless control
- √ One communication control port by RJ 45 type
- √ Two communication part with voice alarm panels and remote control
- √ One power indicator
- √ One serial communication part for write in or change IP address
- √ AC 110V or 230V operation

DESCRIPTION:

The EVAC Board is data converter to convert TCP/IP data into Rs 422 one for long distance use, which could work together both with voice panel and wireless program control panel synchronously

SPECIFICATION:

Model	EVAC Board
Communication control Port	RJ45 port
Communication Protocol	RS232 & RS422
Communication Speed	4800/9600dps
Power Consumption	<10W
Power Supply	AC110V or 230V, 50-60Hz
Dimensions	484 x 123 x 44mm
Weight	2.72Kg

As per our company policy one of the constant Product improvement the right is there for reserved to modify product specifications without prior notice
